Update: A Year of Extreme Weather

Dear Members,

As you may know, this year our resorts have been badly affected by severe storms. The Tahoe area had the largest snowfall in decades, which created challenges related to snow removal, damaged roofs, leaks, road closures and more. We are pleased to report that, due to the efforts of our wonderful staff, our Tahoe locations are fully operational.

The challenges have been even greater in Daytona. Two severe storm systems created extensive damage to the entire region, including to our pool deck and affecting beach access. Further challenges, such as significant rainfall and a backlog of city inspections and permits, have slowed down our efforts to rebuild and repair.

Rest assured, our devoted staff is working tirelessly to minimize any disruption to your travel plans. In addition to hiring additional staff, we constructed a temporary roof and replaced damaged furnishings, including sofas, nightstands, headboards and TV stands, and are continuing bathroom remodels. We also engaged both a structural engineering firm and a construction firm. Unfortunately,

due to the extensive damage throughout the Daytona Beach area, these firms are overwhelmed with work. Therefore, many repairs and improvements have uncertain completion dates.

In addition, we are currently in sea turtle season and have an active nest adjacent to our property! Per the direction of the State of Florida Wildlife Conservation, we have had to stop construction on the pool deck until the baby turtles hatch. Luckily, we had already completed much of the major construction and are able to continue laying pavers.

Our beach access was also affected by the storms, and currently the closest entry point is a four-minute walk. There is also public parking located at that access point.

We greatly appreciate your understanding and patience during this challenging time, as we continue to do all we can to expedite this process. Our local staff has been truly remarkable in their efforts. One of our managers stood in line for hours to secure our position as one of the first buildings approved for the repair and renovation process, and was also able to obtain a $10,000 city grant to aid in the expense. Although the entire coastline is still recovering and will be for years to come, city inspectors have told us that our property is far ahead of most!

Proxy Reminder

Sign up for our 7 year proxy and you'll be entered in a drawing to win a bonus week, direct exchange or world bank! Our bylaws require that 15% of the membership attend the annual meeting either in person or by proxy. Historically, lack of attendance has made establishing a quorum challenging. We therefore ask our membership to sign a seven year proxy on-line at: www.perennialvacationclub.com/proxy.html.

You can rescind your proxy any time, either in writing or simply by attending the meeting in person.

Already signed-up? You're automatically entered in the drawing!
