The Sawdust... Concrete & Nature Pile

A Perennial Vacation Club vacation begins when you start planning. With planning you ensure wonderful memories and that your vacation remains a part of you forever. We take great pride in making our interiors an important aspect of those memories. However, recently we've been addressing the amenity titled "exterior". Some are not so obvious, such as roofs at our Tahoe resort. Some have to be experienced - the new jets in our Bandera hot tub Jacuzzi and new tile for the pool as well. Some may appear merely decorative, such as the window shutters in Daytona, which serve to insulate from sun and noise, as does the new siding for all our units at ImperialLakes. Additionally in Daytona, there's the combination of gorgeous as well as functional - the new pool/patio space overlooking the ocean. Newly landscaped front, sides and pool with huge palm trees and a wonderful gazebo on the way!

Sawdust Pile, continued from front page

But we haven't abandoned our attention to interior needs: new bedding, sofas, window treatments and chairs for our tropical paradise resort in the Dominican Republic. Tahoe's famous Ridgeway building, with unit E's incredible view of the entire valley, has new carpet, paint and furnishings.

All our efforts result in more comfort for your stay or more value for your exchange. Either way, it's always a "Perennial Vacation!"

The "Sawdust Pile" highlights all Club improvements - which includes our unique, newly updated logo. Created by our graphic artist of 20 years, G. Thomas Edwards, who commented on the "renovation": "A fun logo for a Club that's about having fun." 🌸
