WiFi UPGRADES

Over the years, the primary concerns and interests of our members have undergone some interesting evolutions... When the Club was first formed in 1980, the most common request was for improved sleeper sofas. Once that was accomplished, the most frequent request was for VHS players (remember those?). Next were requests for DVD players (not only do we provide these, but we also offer a large, complimentary DVD library at each of our resorts, with new titles added monthly).

Most recently, the number one interest of our members is fast and reliable WiFi service. But as you might imagine, mountain terrain, hill country, sand and surf, not to mention buildings with concrete walls, ceilings and floors, present some unique challenges. In addition, local service providers are not always equipped to handle service with issues like ours or, if they are, the cost is extremely expensive. Digging trenches, drilling through concrete and running cables all add to the difficulty of providing excellent WiFi service.

Well, it hasn't been easy, but we are thrilled to announce that we now offer Fiber Optic, High Speed WiFi at the Eagles' Nest, Tahoe Village and Daytona! Daytona has also been upgraded with HDTV. Best of all, these services remain complimentary for our guests. Next up... *taming the hill country of Bandera!*

Road Repair Season

Extensive pavement repairs are being made throughout the Tahoe Village parking lots and streets this summer. This means that RVs and trailers will not be allowed in the area from May through October. We're looking forward to the improvements, but this will affect both of our Tahoe Village and Eagles' Nest resorts. Please keep this in mind when planning your visit to Tahoe this summer.

Perennial Vacation Club

Our Club is more beautiful than ever! In the last few months, we've been busy updating and renovating. In Tahoe, the heavy winter snows did some damage to the decks, which have since been repaired and repainted. We're also working on the pavement, guard rails, retaining walls, roof and heating system. Inside, Tahoe Village has new sofas and chairs. And at the Eagles' Nest, the entire lobby has new carpeting, furniture and other design elements, giving it a more modern (and welcoming) look.

In Daytona, we've added even more tiki huts! We also have new bedding, and are re-painting areas affected by the WiFi and HDTV upgrades. We're always dreaming and scheming of new ways to make your Club better than ever, so stay tuned!

"We love Daytona Beach Shores! We just came back home and had a wonderful visit. Oscar, Miriam and their team made our stay a joy and delight! They are professional, engaging, friendly, informative and caring! The accommodations, amenities, pool, direct beach access along with the upgrades & improvements were wonderful! They were accommodating and bent over backwards to make our stay enjoyable. We have been with Perennial Vacation Club for over 30 years and are proud to be members! Also, one final shout out to our Vacation Counselor, Christina, who did a fantastic job answering questions and finalizing our reservations for Daytona!"

We couldn't have said it better ourselves!
